

## National Serv-All

### Residential Recycling Instructions

If you are receiving curbside pickup service from National Serv-All for your residential recyclable materials, we would like to provide you with some updated information to help you prepare your materials for pickup.

Our recycling pickup service normally involves two 18-gallon recycling bins. One bin is yellow and one is brown. The brown bin is for all paper and fiber materials, and the yellow bin is for tin cans, aluminum cans and aluminum food trays, glass containers, and plastic containers #1 and #2.

#### What we pick up:

##### Yellow bins should contain:

- Metal cans (food and beverage)
  - Aluminum cans and food trays
  - Brown, green & clear glass containers (remove lids)
  - No** plastic or film bags
  - No** Styrofoam
  - No** aerosol cans
- Please rinse out all containers to remove food particles.  
It is not necessary to remove labels.*

##### Brown bins should contain:

- Newspapers
- Cardboard and fiberboard
- Cereal boxes
- Magazines
- Catalogs
- Phone books
- Junk mail, ads, and mixed paper
- Computer and copier paper
- No** hard bound books

**If you have only one bin**, (many of the originals are blue) put all paper-related materials in a paper sack and place it *on top* of the bin with other recyclable materials.

Angola City Hall offices are open from 8:00 am to 4:30 pm Monday through Friday. Call 665-3422 if you need a bin or have a question regarding recycling.

***THANK YOU FOR RECYCLING***
