How to get Video feed from Council Room on TV

Here are some written instructions that will help get the live video feed from the Council Room Camera to the TV outside the Council Room.

These instructions are only for the TV on the outside wall of the Council Room.

1. Find the LG TV remote. Looks like this:

2. Hit the Power button to turn on the TV on the Remote
3. Hit the Input Button until it is on the AV input. Then hit OK. This is what the TV will look like while while hitting Input Button.

4. Once you hit ok the Video feed will appear on the TV from the Council Room
