

Proper Cart Placement for Automated Pick-up

National Serv-All

It's Easy...One Cart Recycling

Using your new carts requires proper placement on the day of your scheduled collection. Please follow the guidelines below. Thank you for your assistance.

✓ Please Do This	✗ Not This
 <p>FACING THE STREET</p>	 <p>✗</p>
 <p>AT LEAST 3 FEET AT LEAST 15 FEET OVERHEAD CLEARANCE</p>	 <p>✗</p>
 <p>AT LEAST 3 FEET</p>	 <p>✗</p>

Residents should have their recycling and garbage carts out for collection well before the designated start time on each collection day, or the night before. The exact time the trucks will arrive may vary from week to week. For our every other week recycling pickup schedule and holiday calendar, visit our web site at servall.com

Clean your carts out periodically with water. Afterwards, be sure to empty all water from the bottom of the cart and allow to dry.
